

I am again allowing LPFM stations to take priority over current FM translator services. I believe that national and regional services such as K-LOVE are extremely important to our local community and our nation.

K-LOVE serves us locally by bringing us great music, national news, and wonderful programming. They also include local bulletins for non-profits to get the word out on events. If an LPFM station displaced this FM station, we would lose a wonderful service. K-LOVE and stations like it draw people together, from one end of the country to another. There is a sense of community knowing you are listening to the same encouraging and uplifting music as someone thousands of miles away.

I urge you to limit the scope of this initiative. I would hate to see FM stations supplanted by LPFM. Thank you.
